Subject: Southwest Atlanta Energy Storage Project

Greetings Mayor Motley Broom, Councilwoman McKenzie, Councilman Carn, Councilwoman Arnold, Councilman Gay and Dr. Adediran,

I am writing to recognize our intended Economic Development grant related to the Southwest Atlanta Energy Storage project. Thank you for your support and consideration in bringing a unique project and opportunity to the City of College Park.

Please find the attached letter outlining the Project's Investment Commitment to College Park; it is our intent that the funds be delivered in total by or before March 31, 2026.

Also attached is the Limited Liability Corporation (LLC) formation documents for the Project Company.

There is much work to be done in order to develop and construct this project, and we truly look forward to working with the City of College Park on this endeavor!

We will continue to be excellent partners in the communities we develop projects - College Park is no exception!

Thank you and best regards,
Melissa
